APPROACH

Ethical,
responsible,
conscious,
biological, living
habitat/ecosystem

Celebrates nature-
human connections
- via Biophilic,
Permaculture
design

Local & Regional -
sensitive to site
and context

Regenerative
carbon footprint
- Net Positive or
very low.

Usage of 3R
concept (reduce,
reuse and recycle)

Low operation and
maintenance using
passive design
strategies

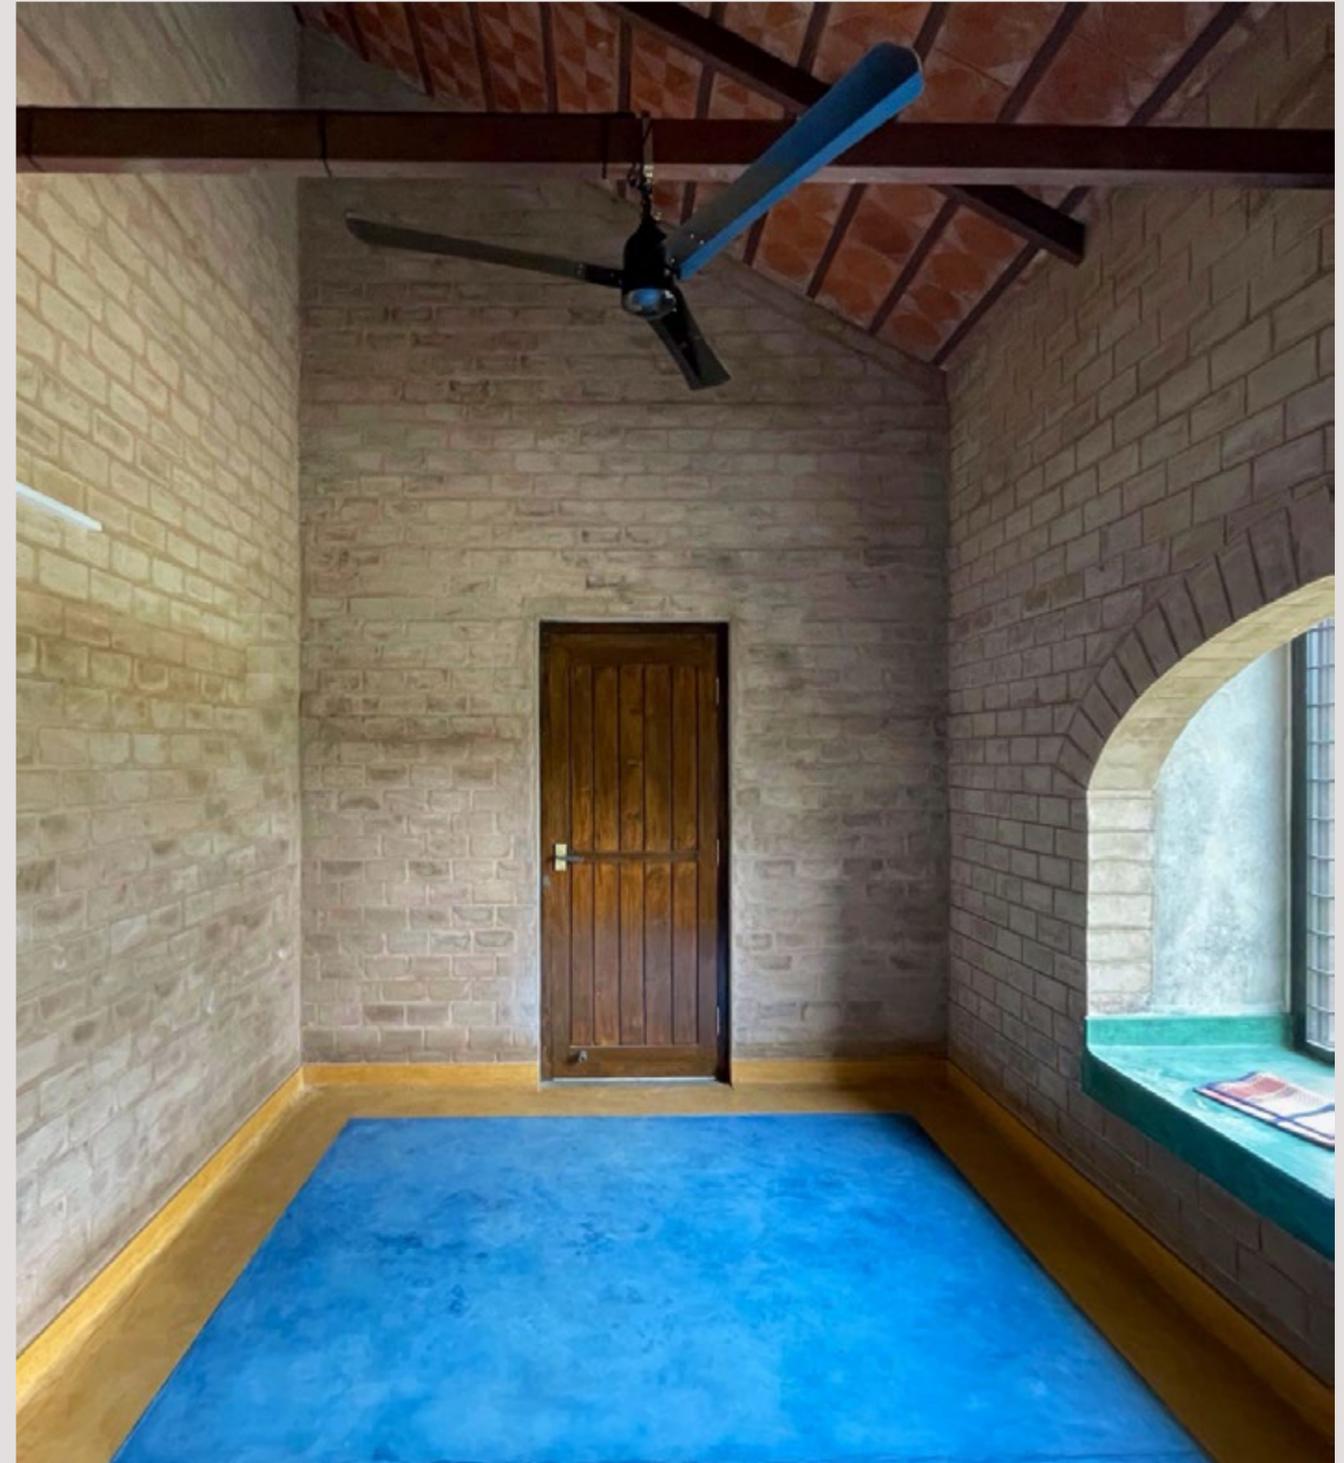

GLocal - Built
to Inspire -
integrate and
balance vernacular
with global/modern

Integrating local
community
